

Alfred the Great's Lineage

[About Alfred the Great]

Below is a lineage listing starting with Alfred the Great, considered one of the greatest kings in England's history (the only one with the moniker of "the Great"). The Lees joined this lineage when Humphrey Lee(1506-1588) married Catherine Blount(1516-1591). Catherine Blount was in the 22nd generation directly descended from Alfred the Great. Humphrey Lee is the Great-grandfather of Colonel Richard Lee (the Immigrant), who was the founder of the Lee family in Virginia. Humphrey Lee and Colonel Richard Lee are both marked in red in this listing.
