

"Heaven"
Wed.

"Teddy:"

I have intended
writing for the past few days
but we have been fishing.

How are you after
your strenuous vacation?
I suppose you have been
hitting the high spots since
your return. But be careful
because you know the result
of such Won't you?

You know, I miss you
terribly again. The more I'm
with you, the more I love you
& want to be with you.
It really is tough on my
constitution, especially in the
region around the heart +
the area within the soul.

2.

But I suppose that is why I miss you + why I love you so much. It was lovely being with you for that short week. And you were so nice to me. I love you that way. It seems so natural to me to be with you. We all know you are predestined, but little does one realize how all-consuming natural pre-destination is...and will be always. You do love me, don't you?

I have been up seeing Martin + Kate. They have a very nice little home. But twin beds. I jamed him about them but he just smiles. Saw an ad in the paper of a twin bed for sale. I'm going to phone him + see if it is his. No twin beds for us however.

3.

That would be your wish too
wouldn't it?

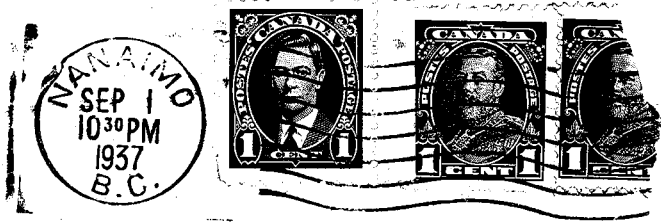

How are the various members
of your family after their
respective trips? Another week
& we'll all be back slaving.

I'll be over Sunday
night, so will be seeing you
then. And Monday is a
holiday, but alas... no night
shift.

Received my contract from
Sutem & got a \$10 per month
raise. But I'm going after another
\$10.

Going fishing again Thurs.
Caught some nice fish yesterday.
& had a lovely walk. about
15 miles.

Cherish my lovely one.
When I see you I'll tell
you how much I adore you.
But you know that now. Don't you? f.

Miss Winifred J. Russell,
